TEJAL WANKHADE

+91 7498119742 | Pune, Maharashtra | tejalwankhede2020@gmail.com | GitHub | LinkedIn | Portfolio

SUMMARY

Motivated Computer Science graduate with knowledge of **Python, SQL, data analysis, and web development**. Demonstrated problem-solving and **troubleshooting** skills through a **web development** internship and projects involving **machine learning** and business **data analysis**. Seeking an entry-level IT role to apply technical knowledge, support users and business needs, and continue developing technical skills.

SKILLS

Programming Languages: Python, SQL, Java
Data & ML: Pandas, Excel, Power BI, Data Cleaning and Validation, Scikit-learn, Decision Tree, Generative AI Fundamentals
Databases & APIs: MySQL, MongoDB, API Testing, JSON, CSV, XML
Cloud & Support: GCP Fundamentals, BigQuery, Cloud Storage, Apache Airflow Fundamentals, YAML, Job Monitoring, Logging
Error Analysis, Troubleshooting
Web Tools: HTML5, CSS3, CSS Flexbox & Grid, Responsive Design, react.js, JavaScript, Git, GitHub, Cross-browser Testing

WORK EXPERIENCE

Web Development Intern | Codomax Digital Solutions, Chennai — Jul 2026 - Aug 2026

- Developed and deployed a responsive portfolio website using **HTML, CSS, JavaScript, and GitHub Pages.**
- Implemented responsive user interfaces using **CSS Flexbox and Grid** for **compatibility** across different screen sizes.
- Conducted **cross-browser testing on Google Chrome and Mozilla Firefox** to identify and resolve frontend layout and compatibility issues.
- Managed source code using **Git and GitHub** for version control and structured commits.
- Resolved **layout, responsiveness,** and **browser compatibility issues** across devices.

PROJECTS

Personal Portfolio Website | HTML5, CSS3, JavaScript, GitHub Pages

- Created a responsive portfolio website to present skills, education, and projects.
- **Tested the website** across browsers and corrected UI compatibility issues.
- Published the website using GitHub Pages**.**

Student Performance Prediction System | Python, Pandas, Scikit-learn, Machine Learning, Git

- **P**rocessed and validated data using **Python and Pandas** for machine learning workflows.
- Built **Decision Tree classification, train-test split, and model evaluation**.
- Applied **data quality and validation** techniques to improve the reliability of processed data.

AI-Powered Business Insights Analytics Assistant | Python, Pandas, MySQL, SQL, Matplotlib

- Cleaned and analyzed **5,000 company** records using **Python and Pandas**.
- Imported structured company data **into MySQL and performed SQL-based** revenue, industry, and growth analysis.
- Generated **data visualizations** and summary reports to identify top-revenue companies and industry-level business trends.

TRAINING

JAVA Full Stack Development | Vibrant Minds Technology, Pune — 2025

- Completed comprehensive training in **Java Full Stack Development** and **Cloud Computing Fundamentals.**
- Gained hands-on experience **with Java, SQL, MySQL, HTML5, CSS3, JavaScript, React.js.**

EDUCATION

Bachelor of Engineering in Computer Science Engineering — 2024
Siddhivinayak Technical Campus, School of Engineering & Research Technology, Shegaon — GPA: 8.35/10.0
Diploma in Information Technology — 2021
Government Polytechnic, Murtizapur — GPA: 8.31/10.0

CERTIFICATION

- **AI Powered Python Micro Course** – Skill Course
- **Web Development** – Codomax Digital Solution
