TEJAL WANKHADE

Product Support Analyst

+91 9822970122| Pune, Maharashtra, India | tejalwankhade11@gmail.com | Linkedin |Portfolio

SUMMARY

Computer Science graduate with strong skills in **Python, SQL, Java, data processing, troubleshooting, and cloud technologies**. Skilled in **technical support, incident troubleshooting, data validation, batch processing, job monitoring, API testing, YAML/JSON configuration, Apache Airflow, Google Cloud Platform (GCP), BigQuery, and Cloud Storage**. Hands-on experience analyzing technical issues, debugging web applications, validating data, and resolving application and compatibility issues. Detail-oriented problem solver with strong analytical and communication skills seeking an entry-level **Product Support Analyst** role.

SKILLS

Programming: Java, Python, SQL, JavaScript, Shell/Bash Scripting
Data Processing: Data Processing, Batch Processing, Data Cleaning, Data Validation, Data Quality Checks
Cloud & Workflow: Google Cloud Platform – Basics, Cloud Storage, BigQuery, Apache Airflow- Basics, DAGs, YAML, JSON,
APIs & Data Formats: Postman, API Testing, Request/Response Handling, CSV, XML
Monitoring & Troubleshooting: Job Monitoring, Logging, Error Analysis, Troubleshooting
Databases: MySQL, SQL, MongoDB
Machine Learning: Scikit-learn, Classification, Decision Tree, Train-Test Split, Model Evaluation,
Web: JavaScript, HTML5, CSS3, Responsive Design, React.js

WORK EXPERIENCE

Web Development Intern | Codomax Digital Solutions, Chennai — Jul 2026 - Aug 2026

- **Developed and Deployed** a responsive portfolio website using HTML, CSS3, JavaScript, and GitHub Pages.
- **Implemented** responsive user interfaces using CSS Flexbox and Grid for compatibility across different screen sizes.
- **Conducted** cross-browser testing and **debugged** front end issues to improve UI compatibility and consistency.
- **Managed** source code using Git and GitHub for version control, collaboration, and structured commit workflows.
- **Diagnosed and resolved** layout, responsiveness, and browser compatibility issues to improve website usability across devices.

PROJECTS

Personal Portfolio Website | HTML5, CSS3, JavaScript, GitHub Pages

- **Created** a responsive web application using **HTML, CSS, and JavaScript**.
- **Conducted** cross-browser testing and **resolved** UI compatibility issues.
- **Managed** source code and deployment using **Git and GitHub Pages**.

Student Performance Prediction System | Python, Pandas, Scikit-learn, Machine Learning, Git

- **Processed and validated** data using **Python and Pandas** for machine learning workflows.
- **Built** Decision Tree classification, train-test split, and model evaluation**.**
- **Applied** data quality and validation techniques to improve the reliability of processed data.

TRAINING

JAVA Full Stack Development | Vibrant Minds Technology, Pune — 2025

- **Completed** comprehensive training in **Java Full Stack Development** and Cloud Computing Fundamentals.
- **Gained** hands-on experience with Java, Spring Boot, SQL, MySQL, HTML5, CSS3, JavaScript, React.js, and AWS (Basics).
- **Developed** full-stack web applications using REST APIs, Git, and GitHub workflows**.**

EDUCATION

Bachelor of Engineering in Computer Science Engineering — 2024
Siddhivinayak Technical Campus, School of Engineering & Research Technology, Shegaon — GPA: 8.35/10.0
Diploma in Information Technology — 2021
Government Polytechnic, Murtizapur — GPA: 8.31/10.0

CERTIFICATION

- **AI Powered Python Micro Course** – Skill Course
- **Web Development** – Codomax Digital Solution
